Concert Stage Diagram

\*St. Olaf Choir provides risers (6 sections) and kapellmeisters (2)

Bob and Kevin,

I'm not sure I sent this to you last month. IF that is true, attached is our stage set-up for the St, Olaf Choir NC-ACDA performance on March 5, 2010 at 4:45 p.m. and the 2:30 p.m. sound check. I have on this that we will bring our own risers as this is one of the diagrams from our tour set-up to concert halls.

However, I believe you already have risers and conductor's podium on stage? Please confirm and we will simply bring our own Kapellmeisters.  
Many thanks, Anton
