

Bill Mathis – equipment needs

Sorry to be so far behind the 8-ball.

For the "bells in worship" class, I need:

- \* 30 feet of tables, on which I'll put the pads I'm bringing
- \* a couple of music stands
- \* a digital projector and screen, on which the class members will see the music the ringers are playing from paper scores

Class members will be invited to be the ringers, along with those who will come with me.

Anything else?

Bil Mathis
