

Many thanks for the reminder. I am attaching the equipment request form. Since I am doing an interest session with students, is there anything else you need for the program? As I am basically conducting an open rehearsal with fifth grade students, I will be waiting until closer to the date to solidify the content of the presentation (and there will be no mention of the word "choir").

I am requesting enough risers to accommodate 2 classes of students.

Please let me know your thoughts.

Many thanks,  
Deborah--
